

Claims

1. A compound of the formula

in which

R^1 is

where

n is 1 or 2, and

R^2 is hydrogen or NH_2 ,

and the salts, solvates and solvates of the salts thereof.

2. A compound as claimed in claim 1,

where

R^1 is

or

and

R^2 is hydrogen or NH_2

and the salts, solvates and solvates of the salts thereof.

3. A compound as claimed in claim 1,

in which

R^1 is

or

and

R^2 is hydrogen,

and the salts, solvates and solvates of the salts thereof.

4. A process for preparing the compounds of the invention of the formula (I) by reacting the compound of the formula

(II),

5

- A) with a compound of the formula

(III),

10

where

R^1 has the meanings indicated above and

Alk is C_1 - C_4 -alkyl,

15

or

- B) with a compound of the formula

(IV),

20

where

R^1 has the meanings indicated above,

5 to give compounds of the formula

where

10 R^1 has the meanings indicated above,

and subsequently reacting with a halogenating agent to give compounds of the formula

15

where

R^1 has the meanings indicated above, and
 R^3 is halogen,

5 and final reaction with aqueous ammonia solution with heating under elevated pressure, and by reacting the resulting compounds of the formula (I) where appropriate with the appropriate (i) solvents and/or (ii) bases or acids to give the solvates, salts and/or solvates of the salts thereof.

10 5. A compound of the invention as claimed in claims 1 to 3 for the treatment and/or prophylaxis of diseases.

15 6. A medicament comprising at least one of the compounds as claimed in any of claims 1 to 3, mixed together with at least one pharmaceutically acceptable, essentially nontoxic carrier or excipient.

7. The use of compounds as claimed in any of claims 1 to 3 for producing a medicament for the treatment and/or prophylaxis of central nervous system diseases.

20 8. The use of compounds as claimed in any of claims 1 to 3 for producing a medicament for the treatment and/or prophylaxis of disorders of perception, concentration, learning and/or memory.

25 9. The medicament as claimed in claim 5 for the treatment and/or prophylaxis of central nervous system diseases.

10. The medicament as claimed in claim 5 for the treatment and/or prophylaxis of disorders of perception, concentration, learning and/or memory.

30

11. A method for controlling disorders of perception, concentration, learning and/or memory in humans or animals by administering an effective amount of the compounds from claims 1 to 3.
